Universities In the St Louis area**

Sharing Jesus with the Nations!

...that if you confess with your mouth Jesus is Lord...

Tatiana attended our Welcome BBQ at the start of The Fall semester, 4 years ago. She spoke very little English at that time. Being a Biology major, she was very interested in scientific things and was surrounded by atheists and many friends from different religions.

She claimed to be a Christian, but the fruit of her life did not show this. She continued to attend our events and hear the gospel.

Just last month, Sarah (new staff person), felt led to share Romans 10:9, 10 and asked her if she had ever prayed to God asking Jesus to be Lord of her life.

She said no and prayed with Sarah. God's presence fell in that place and Tatiana started crying. A week later she wanted to follow the Lord in water baptism (above).

Many of her friends came to watch her be baptized (below).

She is a changed person!

She graduated and she said upon her return to Puerto Rico she wants to share about Jesus with all her friends and family.

Do you remember me?

A student who attended Chi Alpha events, but showed no interest in God at all recently sent us this facebook message after returning to Korea.

"Do you remember me?? God personally met me and I started going to church and believing in God!! Amazing isn't it?? I think about you guys from time to time. I think I am one of the fruits of Holy Spirit you bore. I want to tell you I really thank you for giving me such a good care in St. Louis. Take care~ bye~ "

The gospel is the power of God unto salvation! We shared the gospel, and it continued its work even after our friend returned to Korea!

Thank you so much for believing with us for God to do great things on one of the most pivotal mission fields on earth, the University.

We so appreciate your prayers and financial support!

Chi Alpha Missionaries to
University of MO—St Louis
and Southern Illinois
University—Edwardsville

African Culture Night

A student from the University of Arizona shared his testimony via Skype. Kudzai, a Chi Alpha staff person from Zimbabwe (right) shared his testimony. Three people made commitments to Christ! Glory to God!

New Staff

Praise God! We have a new staff person, Sarah, helping us reach students!

She got saved through Chi Alpha from a totally non-religious background, and her heart's desire is to reach people with the gospel. She specifically is interested in sharing Jesus' love with people from the Middle East and India. God is already working through her in great ways!

Thanks for praying with us for more laborers!

We still need more!

Sarah and her husband, Rakesh

Family Prayer Request

During a pivotal time of the semester, Jeremy had 3 seizures within a few days. We have taken him to the hospital ER twice. He has been expelled three times from school because of aggressive behavior.

Jeremy has autism. Would you fervently pray once a week for his total healing?! Thanks!

At one of our events above we had international student friends join us from Sweden, France, Germany, Hungary, Latvia, India, China, Taiwan, Indonesia, Japan, South Korea, Myanmar, Uzbekistan, Ghana, Nigeria, Tanzania, South Africa, Panama, Honduras and the USA. These students attend University of MO—St Louis, Southern IL University—Edwardsville, St Louis Community College (instructor), Washington University, St Charles Community College and Lindenwood University. All these students got to hear the gospel!

We so appreciate your prayers! **Your prayers will continue to be a vital part of reaching the nations for Jesus!**
